We are Frankston Centenary Tennis Club (FCTC).

We were formed when Frankston Tennis Club & Frankston East Tennis Club merged into one new and exciting club. We strive to engage new members of the community to be a part of the club, whether that be experienced tennis people or newcomers to the sport of any age and standard. SPONSORSHIP OPPORTUNITIES

We are seeking businesses to help grow our club and revive tennis within the local community. With your help, we aim to engage more individuals and families to get around the club and get involved with the wonderful sport of tennis. We want to provide a space where people feel welcome and excited to participate in activities on and off the court. Your sponsorship will directly help to maintain the club and its facilities, provide opportunities for new growth and outreach, and ensure we can provide the best services and offerings to our members, clients, and the local community.

In turn, our business and facility is excited by the opportunity to help your business grow and reach new audiences. Our strong sponsors are a huge contributing factor to our success, and we thank them with various advertising opportunities and perks at our club. Our facility is constantly seeing a high-volume of foot traffic. This involves a mix of regular members and clients who will become familiar with your brand as well as large numbers of guests to our facility on competition, tournament and event days who will be exposed to your signage.
